Medicare Advantage Sales Presentations

From Medicare options to Medicare costs—and how manage them—the right information can make a big difference when it comes to sales success. Let our clear, organized presentations provide the foundation you need to educate and motivate your clients.

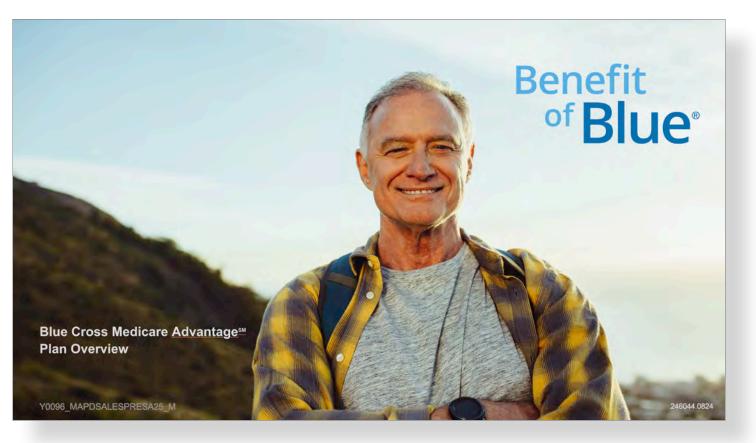

Sales Presentation Best Practices

At a sales event, marketing activities and lead generation can take place, including discussing plan-specific information and collecting enrollment applications.

10

Helpful Tip

Be sure to choose the correct sales presentation based on what plan you're selling, and personalize it with your contact information.

Easy-to-use PowerPoint files can be downloaded to your computer for in-office, in-home or group presentations.

Material images are samples and are for placement only.

How to use Direct Mail

Maximize effectiveness and cost-efficiency by following these best practices for direct mail lead generation.

Producer Supply

Direct Mail Best Practices

- 1. Determine your mailing list
- 2. Download art from your Producer Supply Portal
- 3. Personalized mailers with your contact information/ organization's information
- 4. Add trackable phone numbers and/or website information
- 5. Provide printer or post office postage costs, or ensure your postal permit will cover mailing costs

Direct mail is considered to be more effective than other mass media options especially for Medicareeligible audiences. Even so, the most successful direct mail programs only deliver response rates of between 0.75 percent and 1.5 percent, so it's important to do everything to maximize your success.

Tracking

- likely to be recognized and read.

Helpful Tips

- expansive network messages.

• During AEP mailboxes are full, and you don't want your mailing to get lost in the clutter. Plan to be in front of your prospects at least every other week. Also consider adding additional media exposure and events to your marketing plan, so your piece is more

• Most consumers research plans first, then shop, then decide. You'll want to be present and available at every one of these important stages.

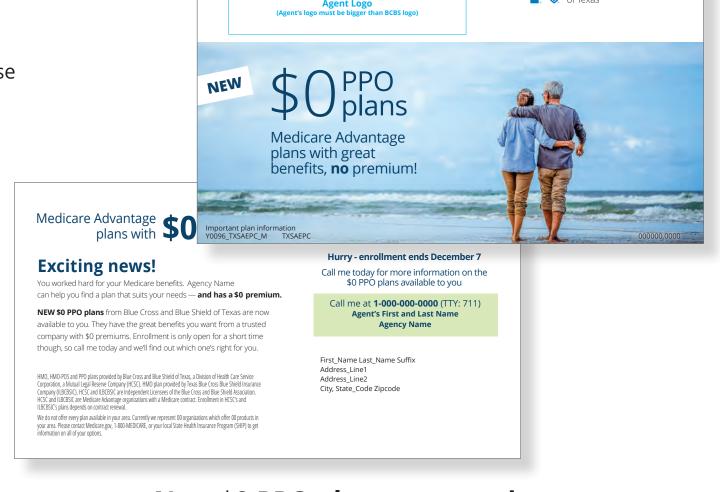

• Create targeted, proven mailing lists. Data shows that consumers aged 65–75 are more likely to switch Medicare plans than older peers, so be sure that segment is included in your mailing list.

• Use segmented lists. If you're trying to target lowincome consumers, they will likely respond better to low-price messages, while higher-income prospects may respond better to value-added benefits or

Become a **Referral Producer**

The Medicare Options **Referral Program offers** producers an alternative to becoming certified to sell Medicare plans. The program allows you to refer your clients to our Product Specialists and still get paid.

🚳 🗑 Blue Cross Medicare Options[™]

Become a Referral Producer

The Medicare Options Referral Program offers producers an alternative to becoming certified to sell Medicare plans. The program allows you to refer your clients to our Product Specialists and still get paid.

Program Overview

- The Referral Program saves you time no need to get You MUST: certified to sell Medicare plans. Referral producers give clients a referral card with:
- The toll-free BCBS Product Specialist number The referring producer's name and BCBS producer
- ID number Our Product Specialists take it from there.
- If that prospect becomes a confirmed enrollment and meets certain other requirements, you'll receive \$100
- for Medicare Advantage Prescription Drug and \$25 for stand-alone Prescription Drug plans.*

Referral Process

The Referral Program is based on prospects coming to you for help rather than you soliciting leads. When a prospect contacts you for information on our MAPD and PDP plans, whether they need one question answered or 10, follow these three simple steps:

- 1. Inform the prospect that you chose to participate in the Referral Program and a qualified Product Specialist will be helping them instead.
- 2. Give your client a referral card. The card includes the toll-free phone number to our Product Specialists and your name and BCBS producer ID number.
- 3. Submit a referral log with your client's information within 10 business days of making the referral.

NOTE: If you choose to opt out of the Referral Program, you can either become a certified producer (in which case you need to complete the annual training and exam requirements) or not participate with the Referral Program for the rest of the benefit year. Your Participation Agreement in the Referral Program will be automatically terminated upon your certification and appointment to sell Medicare plans. 237799.0524

- al and is an ALTERNATIVE to being a certified producer. ooth the referral and certification programs e renewal compensation from MAPD and PDP sales effective lines state that producers must certify annually to receive renewal newals for business sold in previous years.

02

Times to Enroll

Enrollment Periods

Annual Enrollment Period (AEP): October 15-December 7

08

- Initial Enrollment Period (IEP): seven (7) months (your birthday month plus three months prior and after)
- Initial Coverage Election Period (ICEP). IEP AND ICEP USUALLY COINCIDE
- General Enrollment Period Picking Up Part B: (January 1-March 31, effective July 1). Penalty may apply
- Open Enrollment Period annually through March 31. Beneficiaries can make one change to a MAPD or PDP (and back to original Medicare).
- Medicare Supplement enrollment occurs year round

Special Enrollment Periods

- Change in circumstances
- Moving
- Group or other creditable coverage changes
- Your current plan exits (AEP, and December 8-last day of February)
- Those on LIS and Medicaid now can change plans monthly

Medicare Supplement Plan Year

The plan year is the 12-month period during which your Medicare Supplement policy is effective. It is determined by the coverage start and end dates. For example, a Medicare Supplement policy that starts and (renews) on July 1 will continue for the 12-month period through June 30 of the following year.

Next Steps

Next steps for Medicare Advantage enrollments

- Prepare for Welcome Kit and Welcome Call
- SilverSneakers www.silversneakers.com
- Tru Hearing <u>www.truhearing.com</u>

- Vision Coverage (always choose Select!) www.evemedvisioncare.com/bcbsmtind

Late Enrollment Penalty

Penalty.

The cost of the LEP depends on how long the beneficiary went without creditable prescription drug coverage.

The LEP is calculated by multiplying 1% of the "national base beneficiary" premium" times the number of full, uncovered months the beneficiary was eligible but didn't join a PDP and went without other creditable prescription drug coverage.

The final amount is rounded to the nearest \$0.10 and added to the beneficiary's monthly premium.

The national base beneficiary premium may increase each year, so the penalty amount may also increase each year.

The LEP will not apply if the beneficiary has Creditable Coverage.

Producer Supply

Billing and payment

Billing and Payment Information

- Electronic Funds Transfer (EFT)
- Paper Bill (sent 15 days prior to the due date)
- Social Security Administration (SSA) Deduction
- Railroad Retirement Board Deduction
- The member selects a payment method at the time of enrollment
- Members who do not select a billing option on their enrollment form will automatically receive a paper billing statement
- Important note: if they receive a bill directly, they should pay it; setting up social security deduction or EFT may take at least one payment cycle
- Agents do not collect premiums
- Those on a zero-premium plan will only receive a bill if they are paying a late penalty premium
